Retrofit jamb width - This dimension is calculated by measuring the overall jamb width of the product. For Tudors, Fixed Lites and Caribbeans it is 4-7/8" and for Twintilts and Gliders it is 5-3/4"

New construction jamb width - This dimension is calculated by measuring from the interior of the window to the exterior nailing flange groove.

\* Custom exterior colors are available ask your Pollard Representative for more information.

## Grill Options

**NOTE:** All interior wood grills (except provincial style) are removable unless specified "Adheres to Glass"

## Brickmold Option
