

Isn't it time you made a split decision?

Introducing, Advantage Line Split Finish Windows

WE'RE ABOUT FAMILY.

Advantage Split Finish Windows, an easy way to add curb appeal.

A home with a basic white window exterior –

The harsh contrast of the white window and the red brick upsets the overall look of the home as the window competes with the home's architectural style.

The same home using Advantage Split Finish window with a silversand color –

The earthtones of the silversand exterior softens the appearance of the window allowing it to blend with and compliment the brick exterior.

Advantage Split Finish Windows have been designed to allow you to choose the exterior color that best suits your home without having to compromise your interior decorating ideas.

Our unique manufacturing method blends the colour pigment right into the vinyl during the extrusion process. The result is a more durable finish able to withstand our extreme weather conditions and is backed by our solid 20 year manufacturer's warranty.

Advantage Split Finish Windows are available in the following styles: Casement, Fixed, Slider, Single Hung and Patio Doors. And, with standard exterior colors that include: Pearl White, Silversand and Autumn Ivory. Select from our many standard sizes or any custom size to fit your next home project.

Isn't it time you made a split decision?

Durable PVC exterior is a better insulator than aluminum.

A traditional white interior finish is popular and versatile when decorating your home.

A choice of exterior color improves curb appeal.

Advantage Split Finish vs. Paint Finish

Calculated in mils (1.0 mils = 0.001")

More durable and longer lasting than any paint finish!

SINCE 1948
